

DIASOURCE DIATOMACEOUS EARTH

CRAWLING INSECT KILLER

CONTROLS CRAWLING INSECTS

ACTIVE INGREDIENT:

Diatomaceous Earth 100%
(including silicon dioxide, other oxides and moisture)

KEEP OUT OF REACH OF CHILDREN

CAUTION

EPA Registration No. 69261-4 - 83488

EPA Establishment No. 69261-OR-1

NET WT. 3 lbs.

FOR USE IN AND AROUND THE HOME AND OTHER RESIDENTIAL AREAS, INDOOR/OUTDOOR BUSINESS, COMMERCIAL, INSTITUTIONAL AREAS, FOOD/FEED HANDLING ESTABLISHMENTS

DiaSource Diatomaceous Earth consists of the skeletal remains of fresh water diatoms and contains amorphous silicon dioxide. This product is intended for indoor and outdoor use to control ants, spiders, fleas, cockroaches, mites, earwigs, and other crawling insects.

PRECAUTIONARY STATEMENTS:

Hazards to Humans and Domestic Animals.

CAUTION: Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling. Use adequate ventilation and avoid breathing dust. For prolonged exposure to dust, use a suitable dust mask approved by NIOSH/MSHA.

FIRST AID

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling a poison control center or doctor, or going for treatment. Call 1-800-222-1222 for further information.

DIRECTIONS FOR USE

IS A VIOLATION OF FEDERAL LAW TO USE THIS PRODUCT IN A MANNER INCONSISTENT WITH ITS LABELING.

INDOOR USE: To control cockroaches, ants, spiders, fleas, earwigs, and other crawling insects.

Using a hand duster, apply lightly in dry areas where crawling insect pests are found or may hide, including cracks and crevices, along baseboards, around sinks, cabinets, refrigerators and stoves; and in attics and basements. Direct contact with dry dust is required for effective control. In food handling areas, or areas where food or feed products are prepared or stored, apply as a "Crack and Crevice" or a "Spot" treatment. As a crack and crevice treatment apply sparingly into cracks and crevices using equipment designed to place powder into specific locations. Limit spot treatments to walls or floors where pests are suspected of hiding. No individual spot treatments should exceed 2 sq. ft. All food or feed items must be removed or covered before treatment. Treat open spaces below floors, above ceilings, within walls, under stairs, underneath and behind equipment or appliances, around pipes, around sinks, in utility closets and around garbage and waste cans. For best results, apply to dry areas. Repeat treatment on dry surfaces as needed to maintain control of problem pests. If treated area becomes moist, sweep or vacuum dust and discard in trash.

To control fleas infesting pet areas: Thoroughly treat floor, bedding in and around pet's sleeping quarters. Treat surrounding cracks and crevices, baseboards, furniture, carpeting and wherever fleas are suspected. Apply dust to rugs and carpets with thin coat of dust. Rake (not sweep) nap back and forth, causing dust to enter rug or carpet. Leave overnight. Repeat applications and vacuum every 3-4 days as necessary for effective flea control. DiaSource DE will kill live fleas, repel others and help deodorize carpet or rug.

Not for use in federally inspected meat and poultry plants.

OUTDOOR USE: To control ants, spiders, earwigs, mites, and other crawling insects.

Using a hand duster or other equipment suitable for application of dusts, dust lightly in areas where insects are found such as windowsills and door frames, around foundations and along ant trails. Direct contact with dry dust is required for effective control. Repeat treatment in problem areas as necessary for control.

STORAGE AND DISPOSAL

Store in original container in a dry location.

IF EMPTY: Do not reuse this container. Place in trash or offer for recycling if available.

IF PARTLY FILLED: Call your local solid waste agency or 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain.

IN CASE OF SPILL: Vacuum or dampen with water and sweep. Dispose of in trash or at local sanitary landfill.

WARRANTY STATEMENT

Seller warrants that this product conforms to its chemical description and is reasonably fit for the purpose stated on the label. Since conditions of use such as moisture, compatibility with other chemicals, and conditions of application may vary, seller makes no claims other than those stated on this label.
